**BACKGROUND**

The lake is 186 miles long and has nearly 2,000 miles of shoreline. Straddling the Arizona-Utah border, its sapphire blue water is rimmed by towering red sandstone cliffs, buttes, and more than 90 major canyons and beautiful sandy beaches—making it the ideal destination for houseboating, kayaking and other outdoor activities.

Lake Powell Resorts & Marinas is the one of the largest concessioners on the lake, operating marinas, lodges, restaurants, tours and houseboat/watercraft rentals in Arizona and Utah. It operates primarily out of two hubs: Wahweap Marina, located in Arizona near the town of Page, and at Bullfrog Marina, located mid-lake in Utah. In addition to the robust operations at these two destinations, Lake Powell Resorts & Marinas also offers amenities at Halls Crossing, Hite Marina and Dangling Rope Marina, all in Utah.

**SEASON**

Lake Powell is open year-round however, peak visitation occurs between late May through October, with July and August being the busiest months.

**HISTORY**

Lake Powell is the nation’s second largest man-made reservoir. It was created by the damming of the Colorado River in Glen Canyon in order to provide drinking water and generate electricity for western cities such as Los Angeles and Phoenix, and to provide a place for recreation. The lake is named in honor of John Wesley Powell, who explored the area in 1869 as director of the U.S. Geological Survey.

The lake lies within the Glen Canyon National Recreation Area, which was created in 1972 “to provide for public use and enjoyment and to preserve the area’s scientific, historic, and scenic features.” The recreation area received more than two million visitors in 2010, 30,000 of whom stayed on a houseboat operated by Lake Powell Resorts & Marinas.

**FEES**

As a part of Glen Canyon National Recreation Area, there is a \$15 entrance fee for each private, non-commercial vehicle and its passengers that is valid for seven consecutive days.

Directly south of Capital Reef National Park, the marina is approximately 300 miles south of Salt Lake City, UT, 220 miles west of Grand Junction, CO, and 200 miles west of Mesa Verde National Park, CO. The distinctive, rust-colored buttes and spires pierce the horizon in every direction, some at water's edge, others in the distance. At the northern end of the lake, at Hite Marina, the landscape opens even more as the towering spires give way to wide expanses and rolling red hills.

## HOUSEBOATS

Each year an estimated 30,000 people enjoy the spectacular grandeur of the lake from one of Lake Powell Resorts & Marinas' houseboats. The company offers the largest and most diverse inventory at Lake Powell with a wider range of prices and launch dates than competitors. Boats range in size and amenities from 46-foot RV-style boats to 75-foot luxury boats with fireplaces, hot tubs, and other pamper-you options.

### LOCATIONS

Houseboats are available for rent at Wahweap Marina near Page, AZ and Bullfrog Marina in Utah. Houseboat selection differs by location.

### LENGTH OF STAY

Minimum houseboat stays are three days for smaller boats, four days for larger boats and five days for the Odyssey, the optimum in houseboat luxury. The maximum rental is 14 days, as designated by National Park Service regulations.

### BOAT CLASSIFICATIONS

Houseboats are available in three classes: luxury, deluxe and economy. Luxury boats offer high end amenities and residential-style kitchens. They are typically larger than deluxe and economy boats. The deluxe fleet features mid-range boats, which include many of the amenities offered with luxury boats, but at a lower price point. Traditionally smaller and with more RV-like kitchens and amenities, the economy boats are nimble and budget friendly.

### ON-BOARD SUPPLIES AND EQUIPMENT

All houseboats are equipped with bed linens, towels, pots and pans, a microwave, blender, toaster, coffeemaker, GPS, air conditioning and heating, a marine radio and carbon monoxide detectors.

### SAFETY

For Lake Powell Resorts & Marinas, the safety of its houseboating guests is paramount. Toward that end, it requires a mandatory viewing of a safety video and offers fuel vouchers for guests that take a state-offered online safety course prior to arrival. Courses can be found at: [www.lakepowell.com/landing-pages/safe-boating-fuel-credit.aspx](http://www.lakepowell.com/landing-pages/safe-boating-fuel-credit.aspx)

Prior to embarking on a houseboating trip, guests are briefed by staff about the boat's systems and are informed that piloting services are available for those preferring someone else pilot the craft. Once on the lake, onboard manuals and a radio to connect boaters with Lake Powell Resorts & Marinas staff are available to answer questions or assist boaters.

### UNDERWAY CAPACITY

Per U.S. Coast Guard regulations, houseboats have a maximum of 12 people aboard when moving. Once beached or docked, more people may enter the houseboat.

## HOUSEBOATS

## ACTIVITIES

Glen Canyon National Recreation Area and Lake Powell offer countless outdoor activities that facilitate a broad spectrum of adventure—from a casual day trip to full immersion into all the area has to offer.

### FISHING

Lake Powell has a bounty of smallmouth and striped bass, walleye, catfish, crappie and bluegill that can be caught from your boat or with the help of an expert guide. Half and full-day guided fishing trips can be booked at (928) 645-1027.

Because Lake Powell spans two states, we encourage guests to visit both the Utah Division of Wildlife Resources and the Arizona Game and Fishing Department for fishing and license information.

### HIKING

Very few roads traverse the Glen Canyon National Recreation Area, leaving much of its expansive red sandstone landmarks to be explored on foot. The area has a number of marked trails and nearly 2,000 miles of backcountry and side canyons open for exploration. Hikers will find numerous hidden trails in Lake Powell's canyons, which offer incredible views and peaceful surroundings. These sites and trails can only be accessed by boat or kayak, adding to the adventure.

### HORSEBACK RIDES

The Grand Staircase-Escalante National Monument is located adjacent to Glen Canyon National Recreation Area and is one of Southern Utah's outdoor gems. One of the best ways to explore the rugged beauty of this wilderness is via horseback. For reservations for this adventure, phone (928) 660-2674.

### GOLF

Lake Powell National Golf Course in Page, AZ offers 18-holes of championship golf on a world-class course set among spectacular scenic vistas just minutes from Lake Powell. Reserve your tee time at 928-645-2023. Golf packages are available at <http://www.lakepowellgolfing.com>.

## WHITEWATER RAFTING

Wilderness River Adventures operates a number of whitewater rafting options on the Colorado River through the Grand Canyon and Canyonlands National Parks. Grand Canyon rafting operates April to October and Cataract Canyon May to mid August, with trips departing frequently at both locations. There is no waiting list for rafting trips.

Wilderness River Adventures has been running the Colorado River since 1983 and has more than 140 years of combined experience on the river. The company constantly upgrades its gear and uses state-of-the-art oar and motorized boats. Motorized boats are 37-foot long and can transport up to 15 passengers and their gear. Oar boats are 18-foot long and accommodate up to five passengers.

River trips are guided by experienced and knowledgeable guides who not only navigate the raft through rapids, but also share the area's history, geology and secrets. Guides also serve as camp chefs serving delicacies such as steak and birthday cake for those celebrating on the river. Rafters are provided with all necessary camping equipment including: tent, sleeping bag, camp chair, dry bag, food, water, sodas, a souvenir cup, hat and t-shirt. ### GRAND CANYON ADVENTURES

The Grand Canyon's segment of the Colorado River is assured a reliable flow of water from Glen Canyon Dam. This facilitates predictable and sustained rapids even during drought years. Wilderness River Adventures offers a wide range of trips for those looking to raft this iconic locale, including motorized and oar boats with upper, lower, and full-canyon itineraries, with trip lengths ranging from three to 16 days.

Upper and lower canyon trips include a hiking guide for the 10 mile trek through the canyon. Lower and full canyon trips also include a helicopter flight, shower, lunch at the Bar 10 Ranch and a flight back to Las Vegas, NV, South Rim of the Grand Canyon or Page, AZ.

### CATARACT CANYON

Carving through the majestic Canyonlands National Park, Cataract Canyon is highly regarded for the quality of its rapids and scenery. Raft trips depart from Potash, UT, a few miles south of Moab, and travel 96 miles to Hite Marina on the northern tip of Lake Powell. Trips range in length from two to five days.

### HYBRID TRIPS

For those who want the hands-on action of a paddle trip but would like the opportunity to occasionally rest their weary arms, river trips with both oar and motorized rafts are available through the Grand Canyon with 5 1/2, 6 1/2 or 12-day options.

### SPECIAL INTEREST TRIPS

### STORY IDEAS

- **Houseboating “how-to”:** a houseboat vacation is an exotic unknown to many vacationers. An article delving into the ease and endless activity options will reveal this unique vacation to your readers.
  - **Family rafting through the Grand Canyon:** rafting is a wonderful and exciting way to share the beauty and power of nature with children in a fun, hands-on way. Wilderness River Adventures’ family rafting trip is a family-only trip suitable for children eight and older.
  - **Amazing reunions:** this year, forget the standard hotel get-together and take your family’s reunion to new heights with a houseboat reunion. Not only will you be able to spend more quality time with your loved ones, but the wide array of activities means there is something for everyone and there will never be a dull moment.
  - **Mancations:** guys looking to get away from the ladies for a little bonding and manly activities need not look any further! With houseboats, water sports, fishing, white water rafting and other outdoor activities, Lake Powell is the ideal location for a guy’s only getaway.
